

M6S

6 SPEED SEQUENTIAL GEARBOX CONVERSION KIT

- Gearbox kit designed to convert the standard Lamborghini Murcielago transmission to sequential shift, dog change.
- Torque rating for endurance events is 800Nm (600ft.lb).
- The gearbox kit includes 6 forward ratios, a pair of drop gears, a rear drive shaft and the selection mechanism with a mechanical shift rod.
- All gears are profile ground for with an extensive range of ratios to select from.
- Input is via a removable quill shaft.
- A gear position sensor is supplied for interfacing with an electronic dash display. Alternatively a stand-alone gear indicator display is available for cars not fitted with an electronic dash.
- Case hardened nickel chrome steel is used for all gears and shafts.
- The selector forks are high strength aluminium bronze.
